Bernhard Hauck, Vice-Chairman EUMEPS,
President of EUMEPS Power Parts
MD Schaumaplast GmbH / Germany

EUMEPS is the European association of the EPS industry, representing over 90% of the European manufacturing industry. The common interest between members is a belief that EPS is the most cost effective packaging and insulation material. To best promote the material, the association introduced the brand airpop in 2014. More information at www.eumeps.org
